

Southeastern Regional

28th SEMI-ANNUAL SHOW AND SALE

CAMILLA, GEORGIA

FRIDAY, MARCH 3, 1961

Shorthorns

Polled Shorthorns

*30 Bulls
53 Female Lots*

The 1960 International Grand Champion Female, Brawith Betsy 2nd, shown with her owner and breeder, Mrs. Hugh Fenwick, Aiken, South Carolina. Showing at practically all of the major shows in 1960, this Southeastern bred female was undefeated. She typifies the quality being bred in the herds of Southeastern Regional Association members.

Tops From Five Southeastern States . . . 27th Semi-Annual

Southeastern Regional Shorthorn Breeders' Assn. Show and Sale

Nearly 100 Head Counting Calves at Foot

30 STRONG AGED BULLS

Four—three years and over

Twelve—from two to three years

Eight—20 to 24 months

Six—17 to 20 months

Nearly all of these bulls are eligible to enter Florida under their current health requirements.

ON THE FRONT COVER—Scene at Smith Ranch, Winter Haven, Florida. Their strong twelve head consignment is the largest in this sale.

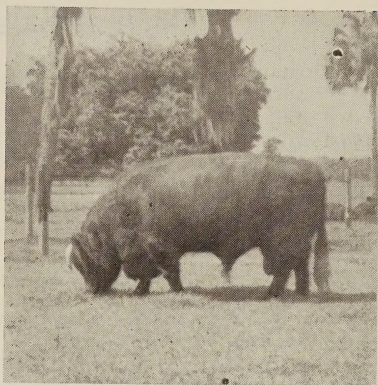

Sherrill Parks, Obion, Tenn., shows the Reserve Grand Champion bull, 1961 National Western Shorthorn Sale, Denver. Parks sells two bulls and four females in this sale.

The past 12 months has proved conclusively . . . from the Rocky Mountains to the Atlantic Seaboard . . . that Shorthorns and Polled Shorthorns raised in the Southeast can compete with the very best and win. The semi-annual Southeastern offerings bring you the top productions from leading herds in five Southeastern states.

Circlevue Lancer x. 1960 International Reserve Grand Champion Polled Shorthorn bull. A half interest is owned by Ted Franklin, Jasper, Ala., consignor of five bulls to this sale. Mr. and Mrs. Franklin are at the extreme left. Paul Teegardin, breeder, is at the halter with Mrs. Teegardin.

Why SHORTHORN BULLS For Cross-breeding?

Edellyn Emperor, Smith Ranch herd sire. Five daughters sell in this sale.

Cross-breeding tests at Louisiana State University show that Shorthorn crosses with both Angus and Herefords were superior to the Angus Hereford cross in weaning weight, slaughter calf grade, rate of gain, weight per day of age and carcass grade.

The Santa Gertrudis breed . . . most popular of all Brahma type hybrids resulted from the use of $\frac{5}{8}$ Shorthorn $\frac{3}{8}$ Brahma blood.

More Valuable Calf Crops . . .

A summary of 30 feeder calf sales in Virginia in 1960, involving 34,517 head of all breeds, revealed that Shorthorns, which had their own sale at Winchester, outweighed, outsold and outgrossed their competitors. The Shorthorn average weight was 495 as compared to 456 for all calves, Shorthorns sold for a \$25.37 per cwt. average as compared to \$25.19 overall average for the state. They grossed an average of \$125.51 a head as against \$114.84 for other breeds . . . a Shorthorn advantage of \$10.67 on every calf.

Superior Gaining Ability . . .

Shorthorns scored the highest average gains at the big Front Royal, Virginia, inter-breed performance tests for eight straight years. In the largest testing program in the nation, the Kentucky Performance Test, Shorthorns outscored other breeds in every category.

General Sale Information

LOCATION—The sale will be held at the Mitchell County Livestock Company, Camilla, Georgia. Camilla is 27 miles south of Albany, 45 miles north of the Florida line, 52 miles east of the Alabama line.

TIME—Sale, Friday, March 3, 1961. On Thursday, March 2, elimination of bottom 15% of bulls at 3 p.m. Judging of bull and female classes, Friday, 8:30 a.m.

BANQUET—A buffet dinner for all will be held at 7 p.m., Thursday, March 2, East End Cafe, followed by a short program of interest to all cattlemen. The annual meeting of the Southeastern Regional Shorthorn Breeders' Assn. will follow the program.

TERMS—The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off.

HEALTH—All cattle have been tested for T.B. and Bang's within 30 days of the date of this sale. Many of the cattle have been calfhood vaccinated for Bang's. Interstate health papers, according to the laws of Georgia, will be provided to out-of-state buyers. All purchasers must be aware of any variations from the health laws of Georgia and their own state and lack of knowledge will not invalidate a sale. Many of the cattle come from herds Federally Accredited for T.B. and Bang's.

GUARANTEE—The cattle are being sold under the standard guarantee of the American Shorthorn Breeders' Association.

SALE HEADQUARTERS—The Azalea Motor Court, one mile south of Camilla. We have reserved a large block of their rooms, but to assure yourself of having one we urge you to write them immediately and mention that you are coming to attend this sale.

LIABILITY—Although every precaution will be exercised to protect the safety and comfort of the guests of this show and sale, neither this association, its auctioneers, clerks, the sale barn, nor the sale manager can assume any liability. Every person attending does so at his own risk. The sale manager was retained by the Southeastern Shorthorn Breeders' Assn. for the specific purpose of compiling the sale offering, handling the advertising and publicity, preparing the catalog and disbursing the receipts, and has no connection with the handling of the cattle or the condition of the premises, and cannot be responsible for errors in the health charts or fulfillment of guarantees.

TRANSPORTATION—Good truckers at reasonable rates are available locally. Should you wish to leave your cattle for a reasonable period after the sale, in order to have a truck sent from your home, arrangements can be made to care for them.

AUCTIONEERS—Don Smock, Whiteland, Indiana, and Ray Brockington, Haddock, Georgia.

SALE MANAGER—Don Longley, 16 So. Locust St., Aurora, Illinois.

MAIL BIDS—May be sent to any of the following representatives. Last minute messages will reach them by calling Mitchell County Livestock Sale Barn.

MARELLBAR REPUTATION—We believe the way to build the breed is to make good bulls available. We bought this bull at a strong price in the Marellbar dispersion with the idea of using him in our show herd last fall and this winter and then offering him in the Southeastern. He is a son of the world famous Kair Ranger. His dam is from their great Lancaster family and is by the Perth reserve champion Cruggleton Leishman. His full brother was the top selling son of Kair Ranger in the Marellbar dispersion at \$2,800. Certified herd.

Cattle from the herds of Southeastern Regional owners are making their influence felt throughout the nation. This is Nordic Sportsman by Pittodrie Monarch, the Elam Bar entry to the 1961 Denver sale. Here he was reserve grand champion and sold for \$1,150 to E. E. Davidson & Son, Americus, Kansas.

The "Off Grass" Female division is a feature of each Southeastern Regional Sale. These are well bred registered females that have not been broken to lead or put in flesh condition for show. This division has made it possible for us to expand the numbers of females sold . . . to provide bigger offerings for the busy cattleman who wants to solve his buying in one day. It has also provided a good selling place for registered breeders who are not set up to put their entries in the show and sale.

Calrossie Ocean Wave. Many of the females in the Eagle Farms off grass consignment are bred to his son, Ocean Twofold Mercury.

Standard Guarantee

endorsed by the

AMERICAN SHORTHORN ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or not allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificate of registry and transfers will be furnished with each animal sold. A signed pedigree application for calves at side or unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

BUYERS . . . PLEASE NOTE

The above GUARANTEE applies to all animals selling in this sale. NOTIFICATION by buyer must be made to the SELLER within the prescribed time limits. These are: Females sold bred . . . **Three months** from date of sale. All Others . . . **Six months**.
